

Muhammad Nabiel Yandra

Undergraduate Information System Student at Brawijaya University

About Me

Dedicated Information Systems student at Universitas Brawijaya with hands-on experience in teaching programming and system engineering. Demonstrates strong analytical, teamwork, and communication capabilities developed across academic and event roles. Highly interested in Data Science and AI Engineering, eager to contribute technical skills to intelligent system development and impactful tech projects.

Skills

- Programming
- English Communication
- Teaching & Presentation
- Critical & Analytical Thinking
- Problem Solving
- Teamwork & Leadership
- Negotiation

Education

Undergraduate Information System Student

Universitas Brawijaya 2024 - Present

Currently studying Information Systems, focusing on system development and intelligent technologies. Engaged in lab-based projects alongside faculty members at the FILKOM Information Systems Laboratory and exploring practical applications in Data Science and AI, supported by hands-on experience as a teaching assistant.

Experience

Teaching Assistant (International Class)

July 2026 - Present

Information Systems Engineering FILKOM UB 2026

Instructed and Mentored 8 international class students in practical sessions conducted entirely in English. Guided students through Business Process Model and Notation (BPMN) workflows and web development fundamentals using PHP, while supervising hands on lab exercises and evaluating course deliverables.

Teaching Assistant

February 2026 - June 2026

Advanced Programming FILKOM UB 2026

Taught and guided 41 students during Advanced Programming practical sessions. Delivered core Object-Oriented Programming (OOP) concepts in Java, provided hands on debugging guidance, and evaluated practical coding exercises and assignments.

Staff of Quality Control

August 2025 - January 2026

PKKMB & Startup Academy FILKOM UB 2025

Oversaw the consistency and accuracy of event materials, documentation, and team outputs across divisions. Conducted review and evaluation sessions to maintain quality standards and ensure alignment with event objectives and faculty guidelines.

Staff of Finance and Sponsorship

May 2025 - June 2025

Brawijaya English Tournament 2025

Collaborated within the finance and sponsorship team to secure event funding and manage partner relationships. Responsible for proposal drafting, partner negotiations, and maintaining clear communication channels between sponsors and committee divisions.

Licences and Certificates

Participant of Youth Today x Join AIESEC 2024

AIESEC in Universitas Brawijaya

Engaged in youth leadership development and cultural exchange discussions aimed at improving personal and professional adaptability in the global environment.

National English Olympiad Winner OBBIE TN 2023

Education Expo Universitas Sumatera Utara

Awarded for achieving Top 1 Score in the National English Olympiad (OBBIE-TN 2023), This competition tested participants' English proficiency across comprehension, grammar, and communication skills, representing one of the national-level academic olympiads for high school students in Indonesia.
